*Expect fun, frolic and a fabulous evening as one of New England's top motivational speakers takes the stage to inspire you to lighten up and let The Universe take over the reigns of your life. This non-denominational presentation will have you thinking about new possibilities as you listen to Debby weave the tale and show you on how she overcame incredible odds (poverty, negativity, shyness, abuse and oh, yeah... a date with suicide) and changed her life to be one of positivity and possibilities. Our show may make you laugh and shed a tear, but promises to give you tools toward your own empowerment...showing you how to embrace the past, get out of your own way and utilize the power of **Universal Love** to create the life you are meant to live.*

*Debby Hoffman Adair is known as "a different perspective," when it comes to sharing ideas to create a positive impact. Refreshingly insightful, Debby's programs are filled with valuable information that percolates with motivation, inspiration and, of course, fun. For over 21 years Debby has been providing attendees with programs specializing in positivity, possibilities and purpose. A natural story teller, Debby will inspire you to let go of the past and plot the course for the future... all while living in the moment and enjoying, or at least understanding, what is happening now. Debby is a member of the National Speakers Association, the author of *Find Something Nice to Say* and the CEO and founder of *In The Presence of Positive Women*.*
