"A Women's Day of Positivity"
Is Coming to South Easton, MA
Saturday, August 9, 2014

Our theme of the day:

Finding Your Voice
in a Sometimes Noisy World

Discovering Your Truth, Finding Your Passion and Speaking Your Convictions

Have you ever felt like a prisoner of your past? Do you suffer with self-doubt and find it difficult to verbalize what you see happening in the world? Are you living the life of your dreams or are those "dreams" really nightmares; holding you hostage with fear and self-doubt? Let's face it; this world can be downright brutal at times, especially to those of us "sensitive" souls who have had some major negative life experiences to deal with.

Award Winning, Humorous Speaker, **Debby Hoffman Adair** knows a thing or two about not having a voice and living a nightmare existence. A single incident almost 30 years ago changed the course of her life. What *could* have been a horrible tragedy actually propelled her on a journey to find her truth. Along the way, she discovered "what she was made of" and found what she was meant to do in this world. Once she found her voice ... no matter how "noisy" the world became, she learned how to persevered and create a life *beyond* her wildest dreams. On August 9, 2014 ...she shares her story to inspire you to find your truth - **YOUR VOICE**.

Join Debby and friends for a day of positivity and possibilities. She recruited two of her favorite "positivity sisters," professional speakers **Ingrid Dinter** and **Lisa Greenleaf**, to share the stage to stimulate your mind, body and soul with positivity and possibilities. And, oh yah ... and make you laugh too! Information, Motivation, Inspiration and FUN is on the agenda. This one of a kind event - you will not want to miss.

The day includes a fabulous lunch served up by the great staff at the **Blackthorne Public House**, lots of networking time to connect with new positivity sisters and three extraordinary presentations. As a special bonus (\$50 extra), the opportunity will be available to have a new social media "head shot" portrait created by renowned photographer **Candi Wolfe** of **Ericson-Wolfe Photography**, including make up touch ups by make over specialist, **Claire Cavanaugh**. In the Presence of Positive Women

Founded in 2000, we are an organization dedicated to creating opportunities for women; to inspire them to keep an optimistic attitude, dream big and become their true, authentic selves. We are non-denominational, but share a love of the **Universe** (or Higher Power – however we choose to interpret It,) a love of people and a desire to change the world for the better.

We support, encourage and champion each other through difficult times and wonderful successes. Our name says it all... we are **“In the presence of positivity.”** *Osmosis in action.*

Our Creed

I am a woman of influence. I am strong, creative and resourceful. I embrace the path of positivity and possibilities as I leave behind dysfunction and negative behavior.

I empower *myself* with purpose, passion and prosperity and know the key to my success is collaboration: with the Universe, my positive sisters and my inner Being.

I make a commitment to myself and to the world to spread love, kindness and compassion wherever the path leads me. I am changing the world by transforming myself.
